

# Welcome To Union Colony West!

## Congratulations on your new home!

Don't forget to call Ram Waste Systems (970-226-3396) to sign up for your waste removal services. Ram Waste Systems is a locally-operated company with a family history of servicing Northern Colorado over the past 40 years!

While the removal of your solid waste is a vital service, we know it's not always on your mind when moving, so we'd like to remind you to **call us to set up service at your earliest convenience; our customer service representatives are available to help you (Mon-Thur, 8 a.m.-5 p.m. & until 4 p.m. on Fridays).** Be sure to identify yourself as a Union Colony West resident to receive your neighborhood's special pricing!

Upon signing up, we will provide you with a 95-gallon kart on wheels (trash & recycling services available). **Your services will include only what fits inside your kart(s); overflowing kart(s), or extras on the ground, will not be serviced.** If you think you'll consistently exceed your kart's capacity, additional karts may be requested for an additional charge.

**If you ever need to get rid of extra trash/recycling, or a larger bulk item (furniture, mattress, TV, etc.), please call us in advance** to notify us so that we can send the appropriate truck and inform you of any associated pricing. Temporary dumpster/roll-off services are also available.

We look forward to serving you!

Sincerely,

Ram Waste Systems, Inc.
